

Protection of Minors Policy

Effective 1/1/2014

I. Purpose

Robert Morris University (“RMU” or “University”) is committed to the safety of all individuals within its community. The University has particular concern for those who are more vulnerable, including minor children, who require special attention and protection. This Policy establishes guidelines for those in, and external to, the University community who may work or interact with individuals under 18 years of age on RMU property or while conducting University business, with the goal of promoting the safety and well-being of minors.

II. Scope

This Policy provides guidelines that apply broadly to interactions between minors and University students, faculty, staff, and volunteers¹ in University-sponsored or -affiliated programs or activities. This Policy also establishes requirements for non-University organizations and entities that operate programs or activities involving minors on campus, at other University locations, and University agreements with such organizations and entities shall reflect these requirements. Independent contractors who have routine contact with minors on campus or at other University locations are also subject to this Policy. All Robert Morris University students, faculty, staff, volunteers, and third parties are responsible for understanding and complying with this Policy. Appendices to this Policy set forth specific requirements and procedures. This Policy does not apply to general public events where parents/guardians are expected to provide supervision of minors. The guidelines contained in the Policy do not and cannot outline every situation or circumstance that may be encountered involving minors on campus or at other University locations.

This Policy is administered by the Human Resources Department.

III. Definitions

Minor - Any person under the age of 18, with the exception of students enrolled in a Robert Morris University degree granting program. Enrolled students under age 18 are treated by this Policy similarly to all other students for purposes of their interactions with minors in University-sponsored or -affiliated programs or activities and are subject to the requirements that apply to other students.

Abuse or Neglect of Minors - The infliction of physical or psychological injury, sexual abuse or exploitation, or negligent treatment of a person under age 18. Sexual abuse includes engaging in or attempting to engage in a sexual act or sexual contact with a minor, causing or attempting to cause a minor to engage in sexually explicit conduct, or exposing the minor to sexually explicit

¹ Those who are not members of the University’s faculty, staff or student body but who volunteer to assist the University or University faculty, staff or students with University-run or -affiliated programs involving minors are subject to some or all of the requirements of this Policy. Those engaging volunteers should contact the Human Resources Department to discuss their situation and how the Policy requirements apply.

conduct including, but not limited to, the use of social media to engage in such conduct. Neglect includes the failure to make reasonable efforts to prevent the infliction of abuse upon a person under age 18.

University-sponsored or -affiliated programs and activities - Programs or activities involving minors that Robert Morris University operates, sponsors or participates in, or in which University students, faculty, staff or volunteers engage through their University or volunteer roles. This term does not include programs or activities in which one may engage that are unrelated to one's status as a member of the University's faculty, staff or student body.

Non-University Programs – A program or activity involving minors that is operated by an individual, organization or entity external to Robert Morris University. The University leases facilities/premises to the third party and may offer other services for payment, but is not involved in the program operations, participant supervision or management unless contractually obligated.

Clearance Required Position – A position that has a significant likelihood of regular interaction with minors, as determined by the Human Resources Department and senior management. Employees, students and volunteers in this category will be required to obtain clearances and acknowledge this policy as outlined in the policy appendices.

Program Sponsor – The RMU department, unit or affiliate, employee, or third party entity that operates a program or activity involving minors.

Area Representative – An individual within each functional area of the University who is designated to answer questions about this policy and its application.

Criminal History Clearances – The following laws comprise the clearances which will be used to determine whether an individual can participate in activities or programs involving minors, whether it is University-sponsored or affiliated or a non-University program or activity:

- Act 33 – Pennsylvania Department of Public Welfare Child Abuse History Clearance
- Act 34 – Pennsylvania State Police Criminal Record Check
- Act 73 – FBI National Criminal History Background Check (fingerprinting)

IV. Minors on Campus

As a general rule, because Robert Morris University's mission is higher education, the University's campus is not an appropriate environment for minors unless they are attending an event open to the community at-large or enrolled in a program or activity designed for children and appropriately supervised by adults with the proper training and credentials (e.g. sporting and cultural events, athletic or age-specific camps, "Bring Your Child to Work Day"). The campus is managed primarily for adults, and the University cannot assure safe places for children who are not enrolled in specific programs or activities or under the direct supervision of a parent.

The University recognizes that child care emergencies occur; however, it is not in the position to provide emergency child care. In situations where it is necessary to bring a minor to campus, employees or students may be permitted to do so with advance approval of their supervisor or faculty member. In such instances, the parent is expected to provide supervision for the minor at all times. No minor may be left alone or unattended on University property at any time; the RMU Department of Public Safety will be contacted if such a situation is encountered.

In general, the residence halls are not an appropriate environment for minors (with the exception of special circumstances such as recruiting and “Little Sibs Weekend”); any minor guests of resident students must be registered in accordance with Residence Life guidelines. In no circumstances may resident students “babysit” minors in their rooms.

Recognizing the severe legal risks that exist to provide for the safety and well-being of minor children, the University urges understanding and cooperation by its faculty, staff, and students with respect to this Policy.

V. Guidelines and Responsibilities

If employed in a clearance required position or when participating in University-sponsored or -affiliated programs and activities, students, faculty, staff, and volunteers must:

- Be vigilant in protecting the well-being and safety of minors with whom they interact on campus, at other University locations, or while conducting University business
- Be familiar with the informational material included in Appendix A concerning Guidelines for Working with Minors and Signs of Abuse and Neglect
- Promptly report suspected instances of abuse or neglect, or violations of this policy or law, as provided in Section VII
- Meet the requirements of this Policy relating to criminal history clearances
- Acknowledge this policy through completion of the certification form in Appendix C (at least once per calendar year)
- Meet any additional requirements that relate to the specific program and activity

Although undergraduate students under the age of 18 are not considered “minors” for purposes of this Policy, anyone covered by this Policy who knows or suspects that an undergraduate student under the age of 18 has been abused or neglected must make reports as directed by Section VII.

Program sponsors are responsible for ensuring that non-University organizations and entities that operate programs or activities involving minors on campus or at other University locations are aware of, and comply with, this Policy.

Criminal History Clearances

Certain categories of individuals will be required to obtain criminal history clearances prior to participation in University-sponsored or -affiliated programs and activities involving minors dependent upon the nature of their duties and interaction with minors². The categories of individuals who must undergo criminal history clearances are listed in Appendix B. If a criminal history clearance reveals adverse information, the University will conduct an individualized assessment using criteria designed to identify potential risks to minors. Except where required by law, criminal history clearances of University faculty, staff, students, and volunteers that are conducted pursuant to this Policy will be used only for purposes consistent with this Policy and will otherwise be kept confidential. Records of clearances will be maintained separately from an individual's personnel, student or volunteer file. There may be rare circumstances where it is impractical to conduct a criminal history clearance based on the nature of the activity or due to the unique circumstances of the employee or volunteer, and these situations are subject to prior approval from the Vice President for Human Resources. In such instances, it is required that there be more than one adult present at the activity or event at all times, and/or other conditions may be imposed at the discretion of the Human Resources Department.

Non-University organizations and entities that operate programs or activities on campus involving minors must obtain criminal history clearances of their employees, volunteers, and representatives that meet University standards. The University may request any additional information or impose additional conditions it deems necessary to meet the requirements of this Policy including, but not limited to, requiring such organizations or entities to maintain specified insurance coverage.

Independent contractors and vendors that are on campus or at other University locations where contact with minors is routine must adhere to the University's policy on criminal history clearances. The University may request any additional information or impose additional conditions to meet the requirements of this Policy including, but not limited to, requiring such contractors or vendors to maintain specified insurance coverage.

Specific requirements and procedures for criminal history clearances appear in Appendix B.

VI. Reporting Potential Crimes Involving Minors

Responsibility to report potential crimes involving minors

All persons have a responsibility to report to the RMU Department of Public Safety any suspicion or belief that a minor:

- Is being abused (including sexual abuse);
- Is being neglected; or
- Is otherwise in need of assistance.

² These clearances are in addition to any background screening that may be requested of employees or applicants based on their position at the University.

Minors who are students at RMU, in RMU Programs, or visitors to any RMU facility or location

In situations involving possible abuse (including sexual abuse) of minors who are students at RMU, involved in RMU Programs, or visitors to any RMU facility or location, one should immediately contact:

- The RMU Department of Public Safety at 412-397-2424; or
- 9-1-1
- RMU Ethics Point hotline (1-800-963-5593 or www.ethicspoint.com)

RMU Public Safety and 9-1-1 are both available 24/7. The RMU Ethics Point hotline should not be used for situations requiring an immediate response. Regardless of the reporting mechanism, the appropriate law enforcement agency and/or child welfare agency will be notified of the alleged abuse.

Protection for good faith reports

Any individual who makes a report in good faith to law enforcement in accordance with this Policy will not be subject to adverse action by RMU.

Responsibility to report

All individuals with knowledge of possible abuse of minors have an obligation to report. Failure to report may result in disciplinary action, up to and including termination of employment, in addition to any legal consequences imposed by law enforcement agencies.

Questions

Any questions regarding reporting under this provision should be directed to Public Safety, Human Resources, Student Life, the Counseling Center, an Area Representative or one's supervisor.

VII. Registration

All University-sponsored or affiliated programs and activities and non-University program(s) covered by this Policy are required to register the program at least 60 days prior to the scheduled start date of the program through completion of the Event Registration Form provided on the RMU Protection of Minors Policy website.

The Program Sponsor will be responsible for registration of the program and compliance with the Policy, including the assurance that all program participants have fulfilled the requirements of the Policy, including the attainment of necessary background clearances and completion of the certification form in Appendix C. For non-University programs, a University Program Sponsor will be identified during the contract process. Typically, this will be an RMU employee from Conference & Facility Services or the RMU Island Sports Center. For vendors and other

contractors, the program sponsor will be the RMU employee engaging the services of the company/individual.

VIII. Enforcement

Sanctions for violations of this Policy will depend on the circumstances and the nature of the violation, but may include the full range of available University sanctions applicable to the individual including, but not limited to, suspension, dismissal, termination, exclusion from campus, and/or notification to law enforcement agencies and/or child welfare agencies. The University may also take appropriate interim actions before determining whether a violation has occurred. The University may terminate relationships and/or take other appropriate actions against non-University entities that violate this Policy.

IX. Random Audits, Policy Implementation and Modification

All University-sponsored or affiliated programs and activities, non-University organizations and entities, and independent contractors who operate under this Policy are subject to random audits to verify compliance with the responsibilities and requirements set forth herein.

Questions about the interpretation or application of this Policy should be directed to one's Area Representative or the Human Resources Department, which is responsible for oversight and implementation of the Policy.
